📍 Ukraine

WORK EXPERIENCE

DigitalCraft UA

Full Stack & Shopify Developer   Mar 2024 – present

- Developed and customized over 40 Shopify stores using Liquid, HTML, CSS, and JavaScript
- Built reusable Shopify sections, optimized themes, and improved site speed by 20–40%
- Integrated apps for subscriptions, multi-currency, reviews, automation, and advanced product filtering
- Implemented backend features using Node.js, Express, and REST APIs
- Collaborated with designers and clients to create user-friendly, conversion-focused storefronts
- Provided long-term technical maintenance, debugging, and performance update

SkyLogic Systems

Full Stack Web Developer   Jan 2022 – Feb 2024

- Built modern web applications using React, Vue, Node.js, and Express
- Created responsive UI components, dashboards, and admin tools
- Developed API endpoints, authentication systems, and database logic (MongoDB)
- Improved overall application performance and reduced loading time by 35%
- Collaborated with cross-functional teams using Agile methods

EDUCATION

Khmelnitsky National University

Bachelor of Applied Science (BASc), Computer engineering - 3.74 GPA   2019-2022

- Coursework in software engineering, systems architecture, and web technologies

PROJECT

Shopify Multi-Store Builder Platform   Summer 2024

- Built a reusable Shopify theme with customizable sections, dynamic product filtering, and integrated analytics. Enabled businesses to deploy new storefronts quickly while maintaining brand consistency and high performance.
